It is my pleasure to recommend Mr. Sandesh Parsai who has applied for Bachelors in Information Technology in your institution. He has completed his high school in good grades in all subjects and is one of the outstanding young student for the department. As his school HOD of Computer course I have known him for last two years and recommend him to you highly.

Sandesh Parsai is a joy to have in our school. He was a keen learner during his study and has maintained enthusiasm till date. He actively participated in the academic activities of the department. He made round a dozen of verbal presentation per year focusing on C++ and Java. He possesses appreciable knowledge of computer as well. Because of his skill he was able to teach C++ to his friends in the class.

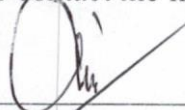

Since then; Sandesh Parsai was highly interested in project work and social activities with the school captains. They had conducted a project on Library Management System.

He is smart and confident, yet humble. He is well-liked by his peers. He is always liked as an able, obedient friend and well accepted by faculties as well.

In short, I give my highest recommendation. He is one of my obedient, sincere student above all a good human being. He would be a good student for any university in Nepal and abroad.

In view of my letter of recommendation, what it cannot demonstrate is the amount of dedication, resourcefulness and professionalism, Mr. Sandesh Parsai can add to your program as a student. I therefore request your kind consideration for his candidacy. I
